Franklin, N. H., March 6, 1886.

COLLECTOR'S REPORT,

I submit the following: Contract with the selectmen was to settle Feb. 20 and receive \$200.

May 28, 1885, there was placed in my hands for collection, \$24,838 41

Amount of abatements,	193 19	
“ “ discounts,	774 14	
“ paid treasurer,	23,872 00	
“ my due to bal.,		92

\$24,839 33	\$24,839 33
-------------	-------------

I think the pay for collecting should be \$250, and I will agree to collect the tax for the ensuing year for that sum.

R. E. BEAN, COLLECTOR.

CHIEF ENGINEER'S REPORT.

In compliance with the law I submit the following report:

The fire apparatus consists of an Amoskeag Steam Fire Engine, the Daniel Webster, No. 1; 30 feet of suction hose, and the necessary discharge pipes; nozzles, lanterns and tools; the Kenrick Hose Carriage, with 650 feet of 2 1-2 inch leather hose, and 600 feet rubber-lined hose.

A Hook and Ladder Truck, with a good supply of ladders, and the necessary apparatus to go with the same in good condition.

All located in the Engine House on Central street, near the Lower Paper Mill, in Franklin Falls village.

One hand hose carriage, with 450 feet of rubber-lined hose, located in Kenrick's stable.

Franklin Fire Engine, No. 1, with Hose Reel, and about 850 feet 2-inch hose, located on Main street, in Franklin village.

Also, 200 feet 2 1-2 inch rubber-lined hose, located at Taylor's Foundry, in connection with new force pumps and new building.

I thank the Assistant Engineers and the Firemen for their hearty and active co-operation in all the work devolving upon the department.

RECOMMENDATIONS.

1st. That the town consider the question of a system of water supply in case of fires. The town is continually adding to its population, buildings are going up year after year, necessarily farther away from the centre of the town. The reservoirs are limited in number, and in case of fire long lines of hose have to be laid, which very much reduces the efficiency of the apparatus. The question of water supply is a serious one and should receive immediate attention.

2d. Reservoir at the depot needs repairing very much. Also, two reservoirs needed at Franklin Falls village, one at or near John Taylor's, the other at or near Mrs. N. H. Sanborn's.

FIRES.

1885.

Oct. 9th. Fire in Geo. W. Sawyer's house. Cause, defective chimney. Fire Department was called out but did no work. The fire was extinguished by aid of citizens. Damage, \$190 00.

Oct. 20th. Tenement house, owned by Mary Howe, was burned down, situated on Sanborn Hill. Cause, unknown. It was insured for \$1500 00, which covers loss. Fire Department called out but did no service. No water on hand.

CHIEF ENGINEER,

C. F. NOYES.

ASSISTANT ENGINEERS.

L. L. Frost,

A. Messer,

M. V. Streeter.
